

“The History of Iowa-Grant”

The Iowa-Grant Educational Foundation is in the process of developing a book about the history of the Iowa-Grant School District culminating with the 2-day reunion held October 8-9, 2010. This is an exciting project and we hope you would be honored to play a part in this. We are attempting to capture some of the history and great memories each of us has when we think of our connection to Iowa-Grant and then put it into book form for many to enjoy. You have been identified as someone who we feel could make an interesting contribution to this book because of your connection to Iowa-Grant, either as a student, staff, board member, administrator or community member. We would love to know what you are doing and how I-G helped define you in your career path and as a person.

We are hoping to add a human interest section filled with stories, remembrances, anecdotes or just heartfelt comments that come to mind when you think of your connection to Iowa-Grant. If you have photos to add to your story, please include them. We have a great story to tell and want to make it reflect what many have called this "Class Act School out in the Middle of a Cornfield".

In addition, we are looking for photos from the beginning (late 50's-early 60's), through the expanse of 50 years, including the October reunion that would be of significant interest to many Iowa-Grant connected folks. Early photos could include the village schools, country schools, meetings and events that would help tell the story of this remarkable consolidation for the Iowa-Grant region. A photo often enhances a story better than the written word alone so we would love to see what is out there that would help define and declare our history in book form for all to see.

We would like as many as possible to be part of this piece of history so please help us pass the word to anyone you think would make an interesting contribution. For your convenience, we have included a place for you to write your stories or comments on the back side of this announcement or you can e-mail them to the address below. Size of the book will dictate how many stories will be included. Some editing may be necessary.

Photos - Please include as much identification of people and places as you can. Photos will be scanned and returned to you promptly. We understand how valuable they are.
